# Bespoke manufacturing

Our bespoke service allows us to manufacture goods to your exact specification and can include artwork to promote your products or organisation.

Our team can create virtually any product for manufacture and can give guidance and support on changes to existing products.

We are constantly developing bespoke products on a global level, ensuring that our customers receive the best service and products available within the industry.

Our highly skilled conceptual designers will work with you and your budget to create a comprehensive display solution to exceed your needs and expectations.

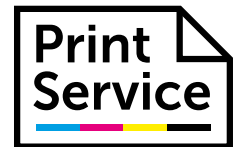

From concept to completion, our team will guide you through the bespoke process.

To speak to our sales team call **0161 516 2467**

## Print service

We boast an extensive in-house printing service which allows you to order your completed POS display in one go.

This service complements our snap frames, pavement signs, promotional stands, café barrier systems and roller banners, which can all be completed with the accompanying poster or banner.

## Design service

If you are purchasing one of our printed or branded products, but do not have a professional designer available to create the required artwork templates, you may consider adding our Branding And Print Design Service to your order.

Our in-house team can use any logos, images and text you send us to create a finished piece of artwork that is effective and ready to print.

Visit [www.ukpos.com](http://www.ukpos.com) for more information

# UK manufacturers

Our 60,000 sq ft manufacturing HQ in Greater Manchester uses world-leading manufacturing technology for a range of materials, including plastic, metal and wood.

Manufacturing our own products means that our customers get high-quality products at low prices. We manage every step of the process so you know your products are made with precision and care.

We have over 25 million products ready for same day despatch if you order by 5pm, and they can be with you the next day.

# Green thinking

At UK POS we are continually evaluating our environmental impact. We are committed to working with our partners and consumers to create a greener and more sustainable planet. We have ISO-accredited quality management systems in place to ensure we are always reviewing and improving our environmental practices.

We always encourage our customers to reuse or recycle our acrylic and wooden products when the products are no longer in use or needed.

As well as manufacturing responsibly, we like to offer products that help our customers make more eco-conscious choices. Our range of zero waste dispensers encourage shoppers to reduce excess waste.

# Best sellers

The best selling POS display items are all designed to make your business more attractive, functional, professional and easy to navigate.

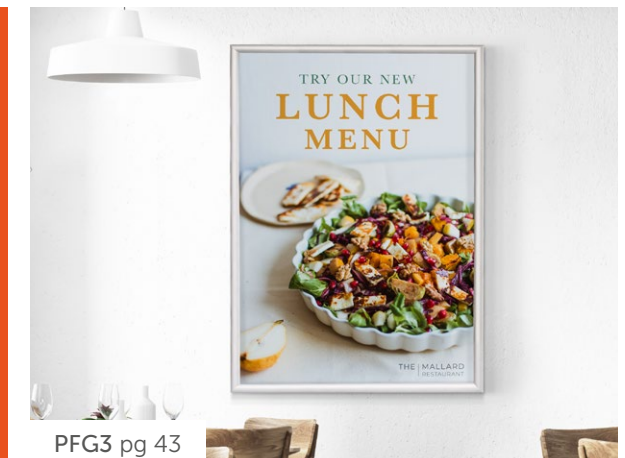

ABC4 pg 57

AS1 pg 5

“ Increase footfall and maximise sales with strategic POS displays ”

PFG3 pg 43

CD3 pg 71

Ensure your POS is on-trend to keep your display fresh and your customers interested.

Updating your POS is a great way to maximise your selling potential and boost profits.
