

Assembly Instructions EAS03

A Frame Wooden Easel with Clamp

Screws & wood parts:

Fixing components part list

- 2 x small wood screws
- 2 x medium wood screws
- 2 x large bolts with wing nuts
- 1 x Large wing nuts.

Hardware components part list

- 1 x Large center spine
- 1 x horizontal shelf support
- 1 x guide rail support bracket

Installing

1.

Use the small screws to attach the latch unit to the center spine and position the horizontal shelf centrally.

5.

Tighten the wing nuts from behind the spine.

2.

Use the medium screws to secure the shelf and spine together.

6.

Slide the top adjustable guide down the central spine.

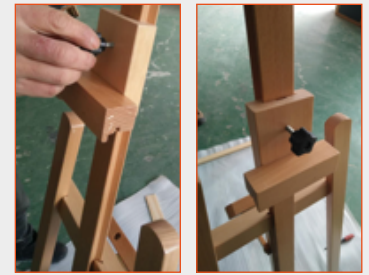

3.

Slide the spine through the top groove.

7.

Add the large wing nut to the top guide.

4.

Insert the large bolts through the guide rail bracket.
